

SEE THE REAL WORLD IN LIVING COLOUR

New Turbo Range KF3T(-E)

- ▶ 16:9 video ratio without distortion in live view and playback
- ▶ 3K resolution with greatest low-light performance
- ▶ PoC is supported in -E models

ColorVu
Technology

ColorVu Technology

Advanced Hardware

▶ F1.0 Super Aperture

Collects four times more light than the conventional F2.0 aperture used in most cameras to produce brighter images

▶ Advanced Sensor

Vastly improves the utilisation of available light.

Frontier Technology

▶ 3D DNR

Enables noise to be filtered effectively from the image, even in low light conditions.

▶ 130 dB WDR

Get a clear image in strong backlight scenarios.

Reliable Quality

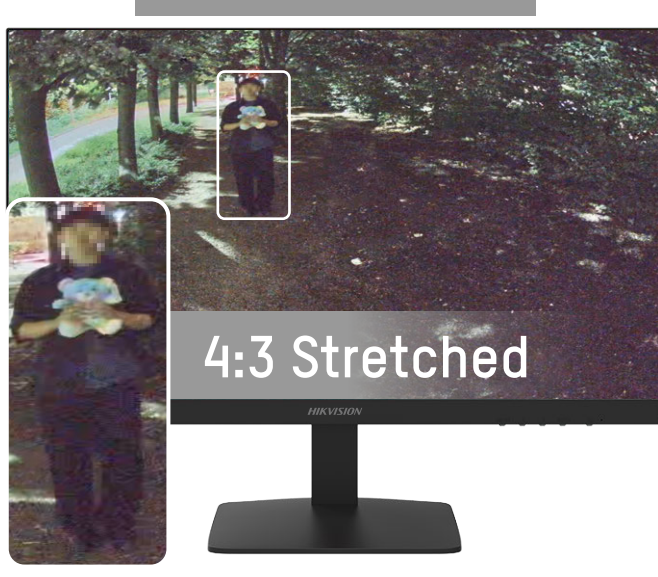

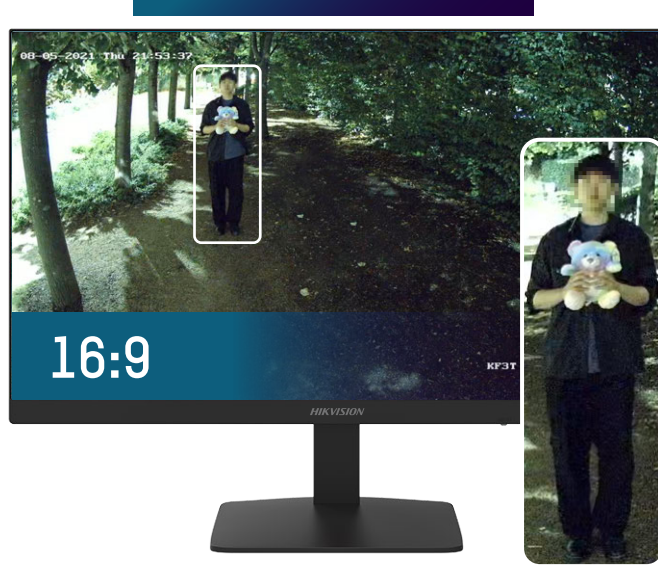

▶ Active Alignment Technology

Guarantees the focusing performance in the mass production of ultra high-definition ColorVu products, realising good quality control.

Ultimate Visual Experience Without Distortion

KF3T Camera with ColorVu Technology

General 5 MP Camera with full colour

The KF3T Series eliminates distortion during video preview and playback, taking advantage of the 16:9 screen ratio of modern monitors.

24/7 Colourful Imaging with Vivid Night View

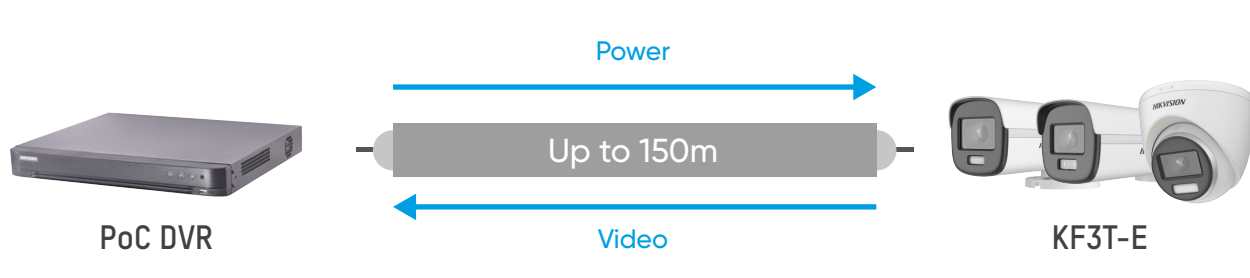

KF3T Camera with ColorVu Technology

General 5 MP Camera with IR Light

The best night-time performance camera in the Turbo ColorVu Series
